

SC PRESS RELEASE FOR MARCH 1, 2007 MEETING

FIRST INTERAGENCY CALIFORNIA WATER PLAN STEERING COMMITTEE CONVENED

The first interagency California Water Plan Steering Committee was convened on March 1, 2007. The group was convened to implement a recommendation of the Water Plan Update 2005 to improve interagency coordination and provide a statewide perspective on Water Plan Issues. The role of the Steering Committee is to provide policy input, oversight, and program management in preparing Water Plan Update 2009.

Topics of the first meeting included drafting and adoption of a Charter, reviewing of the planning framework, building content for the next plan, and providing input on the membership of the statewide and regional advisory forums.
